

THE LIGHT IS ON FOR YOU” is an exciting concept being promoted by the Diocese of Albany that encourages priests of our area to work together in order to provide ample opportunities for the Sacrament of Reconciliation. In the coming weeks, I will be sharing this with you as part of our schedule for the Lenten season. In addition to those who would like to receive this particular sacrament, I will be also available at special times to share the Sacrament of the Sick or to talk about whatever is on your mind. We are also looking for ways to be a more welcoming parish that brings with it a sense of reconciliation and peace. In the coming weeks, you will have the opportunity to let us know who you miss seeing at church and a invitation will be mailed to those individuals asking what we might do collectively to bring people back home. For many who have drifted away, a warm welcome may be sufficient but we also know that for others who have been hurt, a process of healing is necessary. Let us know what we can do to bring us closer together. God bless you all.

In Christ’s love,

Father George
